United Kingdom
17/01/2011

Dear Distributor,

Colortrac ceased volume manufacture and sales of Colortrac Series 4e scanner models in May 2006 and therefore this scanner range will be end-of-life (no longer supported) after 30th April 2011.

This letter provides advanced notice of this change in status.

Orders for Colortrac S4e spare parts will **not** be accepted by Colortrac after 30th April 2011. However, if you do have a requirement for Spare Parts please contact our UK approved repair centre, Reprotect Ltd, directly by email for price & availability. Reprotect Ltd continue to provide service in the UK for this scanner range so it's could be your part may be available, but even so, their stocks are limited. Contact:

support@reprotect-ltd.co.uk

Should we receive requests for *support* from the field for these products after the above date, your Colortrac sales manager can discuss with you what alternative options might be available to provide a solution.

Thank you and best regards,

Colortrac Ltd
